

**DEERFIELD / MESA GRANDE NEIGHBORHOOD ASSOCIATION  
CENTRAL TRUNK SEWER REHABILITATION  
PROJECT PRESENTATION**

**Wednesday July 17, 2008, 7:00 p.m. to 9:00 p.m.**

**Union House Elementary School**

**7850 Deer Creek Drive | Sacramento, CA 95824**

**Project Team Attendees**

Amber Parmer - SASD, Project Manager

Shayna Mayen - HDR | The Hoyt Company

Nancy McWilliams – West Yost

On Thursday evening, July 17, 2008 three of our Central Trunk Project team members attended the Deerfield / Mesa Grande Neighborhood Association Meeting at the Union House Elementary School. The purpose for our attendance was to introduce the project and answer questions for the public. The meeting had upwards of thirty public attendees. The agenda for the evening included presentations from both Mayoral Candidates: Kevin Johnson and Mayor Heather Fargo.

Amber Parmer (Project Engineer) gave a ten minute presentation on the project and utilized display boards and samples of Central Trunk piping. There was no time on the agenda for the power point presentation. Central Trunk Presentation was cut back to about ten minutes. Information was shared about the general nature of the project, the alignment and where the trucks will be. Also the condition of the sewer pipeline, how necessary this project is and what outreach has been done. Following the presentation Amber addressed questions from the audience. We were asked to come back to the next meeting in September to share more information about the project.

*During the question and answer session, HDR|The Hoyt Company recorded all comments and questions. See below:*

- Will there be smells?
- How will residents be affected?
- Does this have anything to do with the water project up a little further North?
- How bad will the noise be?
- If there is a manhole on your property what happens?
