4400 Shining Star Drive | Sacramento, CA 95823**

Project Team Attendees

Amber Parmer – SASD

Shayna Mayen - HDR | The Hoyt Company

Thursday evening, July 30, 2008, two Central Trunk Project team members attended the Phoenix Park Neighborhood Association Meeting. The meeting accommodated 40-45 public attendees. In attendance were representatives from three different homeowner's associations including the Morrison Creek HOA, Brookfield HOA, and the Wildwood HOA. Mayoral Candidate Kevin Johnson was on the agenda to speak, however, the Central Trunk Sewer Rehabilitation Project Presentation came first on the agenda. Shayna Mayen with HDR | The Hoyt Company introduced Amber Parmer with the Sacramento Area Sewer District, to kick off the presentation. Amber then gave a fifteen minute presentation on the project utilizing the power-point presentation, display boards, and samples of Central Trunk piping. HDR | The Hoyt Company then gave a short overview of public outreach to the audience. Following the presentation, the audience seemed well understood and there was only one question asked.

During the question and answer session, HDR|The Hoyt Company recorded all comments and questions. See below:

- As far as the construction of the pipeline, do you test the lines afterward to make sure they're ok?
