

**AVONDALE-GLEN ELDER NEIGHBORHOOD ASSOCIATION  
CENTRAL TRUNK SEWER REHABILITATION  
PROJECT PRESENTATION**

**Thursday August 14, 2008, 6:00 p.m. to 7:00 p.m.  
Max Baer Park Slider Clubhouse  
7805 Vallecitos Way | Sacramento, CA 95828**

**Project Team Attendees**

Amber Parmer - SASD, Project Manager

Shayna Mayen - HDR | The Hoyt Company

On Thursday evening, August 14, 2008 two of our Central Trunk Project team members attended the Avondale / Glen Elder Neighborhood Association Meeting at the Max Baer Park Slider Clubhouse. The meeting held 20 public attendees. The agenda for the evening included a presentation by the Elder Creek Market ownership and Mogavero Associates in regard to expanding the market to a full grocery. HDR | The Hoyt Company then introduced Amber Parmer, Project Engineer to kick off the presentation. Amber then gave a ten minute presentation on the project utilizing display boards and samples of Central Trunk piping. Following the presentation, Amber addressed questions from the audience.

*During the question and answer session, HDR|The Hoyt Company recorded all comments and questions. See below:*

- What is the cost of this project?
- What streets will traffic be funneled onto when construction starts on Power Inn Road?
- Will there be traffic on 79<sup>th</sup> Street?
- How many feet of sewer a day will be completed by the project?
- Will the neighborhood be overrun by odors?
- Will you work straight down the pipeline or jump around?
- Certain times of the day there is more traffic, do you know what times of day you'll decide to work?
- Where is the technology from?
- What protects the bypass lines from cars, or worse yet – hooligans?
- Who do we call after the fact if there is a problem or leak?
- Did you send out a yellow postcard?

- There are other schools in the area, did you consider the catholic & charter schools?
