

**SOUTHGATE MEADOWS NEIGHBORHOOD ASSOCIATION
CENTRAL TRUNK SEWER REHABILITATION
PROJECT PRESENTATION**

Wednesday August 20, 2008, 6:30 p.m. to 7:00 p.m.

St. Luke's Church

7595 Center Parkway | Sacramento, CA 95828

Project Team Attendees

Nancy McWilliams – West Yost Associates

Shayna Mayen - HDR | The Hoyt Company

Thea Durbin – West Yost Associates

On Wednesday evening, August 20, 2008, three Central Trunk Project team members attended the South Gate Meadows Neighborhood Association Meeting at St. Luke's Church. The meeting accommodated 20 public attendees. The Central Trunk Sewer Rehabilitation Project Presentation came first on the agenda. Shayna Mayen with HDR | The Hoyt Company introduced Nancy McWilliams with West Yost, to kick off the presentation. Nancy then gave a fifteen minute presentation on the project utilizing the power-point presentation, display boards, and samples of Central Trunk piping. HDR | The Hoyt Company then gave a short overview of public outreach to the audience. Following the presentation, Nancy addressed questions from the audience.

During the question and answer session, HDR|The Hoyt Company recorded all comments and questions. See below:

- - When shown pipe examples – That's the same pipe?
- So, we'll be having detours, for our waste?
- Are you going to be starting at the top of the alignment and working your way down?
- Is this going to the Elk Grove Pump Station?
- Will this be going over, under, or through the Cosumnes water lines?
- This isn't going to come between Mack and Florin?
- Do they have to close the streets? Particularly on Mack Road?
- Will they dig up our yards?
