

IMPORTANT SEWER RATE NOTICE

Sacramento Area Sewer District collects sewage from your home or business.

In April 2009, the Sacramento Area Sewer District (SASD) Board of Directors approved a two-year rate increase taking effect on July 1, 2009, and July 1, 2010.

Due to the implementation of numerous cost-saving measures, SASD's Board of Directors approved a **40¢ decrease** to the July 1, 2010 scheduled rate adjustment. **Effective July 1, 2010, the new monthly SASD rate will be \$19.85 per month instead of \$20.25 per month.**

NOTE: This rate is NOT part of your regional wastewater treatment service, which is provided by Sacramento Regional County Sanitation District.
